JORDAN JENKINS

385.575.9016 | jordypauly01@gmail.com | Mapleton, Utah

SUMMARY

Resourceful and driven professional with a strong background in customer relationship management, public outreach, and presentation delivery. Currently pursuing a B.S. in Information Systems with an Applied Artificial Intelligence emphasis, paired with Anthropic's developer and AI-fluency curriculum, to bring automation and AI-assisted workflows into business operations. Skilled at engaging diverse audiences, building lasting relationships, and driving results through clear communication and adaptability.

EXPERIENCE

Insurance Agent — Self-Employed, Mapleton, UT *Sep 2025 – Present*

- Deliver engaging presentations that clearly communicate policy details and benefits to clients.
- Maintain up-to-date knowledge of insurance products, regulations, and industry trends.
- Educate customers on coverage options and the importance of proper insurance planning.

FSY Counselor — The Church of Jesus Christ of Latter-day Saints *Jun 2026 – Jul 2026*

- Led and mentored a group of youth participants through a week-long residential program, serving multiple sessions across the summer.
- Coordinated daily schedules, activities, and logistics for large groups in a fast-paced environment.
- Facilitated small-group discussions and delivered presentations to audiences of varying sizes.
- Resolved interpersonal conflicts and managed participant needs while upholding safety and program standards.

Missionary — The Church of Jesus Christ of Latter-day Saints, Houston, TX *Jul 2023 – Jun 2025*

- Engaged with diverse communities through outreach, service projects, and public communication.
- Organized and led community service initiatives to strengthen local engagement.
- Developed leadership and teamwork skills through planning and executing daily activities.
- Conducted outreach and presentations through one-on-one and group interactions.

Golf Cart Manager — The Oaks at Spanish Fork, Spanish Fork, UT *Apr 2021 – Oct 2022*

- Oversaw daily operations of a fleet of golf carts, ensuring safety and efficiency.
- Performed inspections and coordinated routine maintenance for optimal performance.
- Provided excellent customer service and resolved issues promptly.

EDUCATION

B.S., Information Systems — Utah Valley University, Orem, UT *Expected 2028*

Applied Artificial Intelligence Emphasis

PROJECTS

Insurance Agency Website — jenkinsir.com *2026*

- Designed and built the website for my insurance business from scratch, using AI-assisted development tools to plan, code, and deploy the site — applying hands-on technical skills alongside client-facing work.
